### Material

The knitted cushions are made of fine merino thread interwoven with kid mohair. This makes these pieces luxuriously soft and leisurely. Both the kid mohair and mulesing-free merino wool originate from the South African Karoo.

We source the natural feather fillings for our cushions from companies working according to VDFI (Verband der deutschen Daunen und Federindustrie e.V.) and EDFA (European Down and Feather Association) regulations.

Care: Dry clean or hand wash in tepid water, rinse well and dry flat
